Castro Seeks Shipping to Avert Disaster

ROBERT BERRELLEZ
HOPE (AP) — Fidel Castro's
government was reported wooing
circles in the United States
today in a bid to avert what could
be a disastrous oil famine in Cuba.
Reports spread as Cuban
and petroleum tech-
nicians insisted they are capable
of running three foreign oil re-
fineries seized by Castro. They
said they could find tankers to
ship the 60,000 barrels a day
the country's domestic

Castro's government appar-
ently must act quickly to head
off disaster. The Prime Minister
of the United Kingdom, Sir
Alec Douglas-Home, said today
that a 66-day supply of gas-
oline and 24-day ration of fuel oil
shortage could be disas-
trous for the nation's power is
almost entirely by fuel-
oil plants.

Khrushchev to Deal With Next U.S. President

By HANS BENEDICT

VIENNA (AP) — Nikita Khrush-
chev has washed his hands of
President Eisenhower, but he
stands ready to go a round with
the next U.S. president.

The Soviet Premier, here on a
nine-day official visit, spelled out
his position on future East-West
talks in private conversations with
Austria's Socialist Foreign Minis-
ter Bruno Kreisky and Vice
Chancellor Bruno Pittermann.

"Nikita told us he would not
do any business with Eisenhower,"
Kreisky told newsmen Friday
night at a reception in Vienna's
Schoenbrunn Palace. "He is will-
ing and ready to go to another
summit with a new U.S. presi-
dent."

Kreisky added that Khrushchev
told him he intended to keep the
Berlin issue on ice until after a
new U.S. president takes office in
January.

Informed sources said Khrush-
chev probably volunteered this in-
formation expecting Kreisky and
Pittermann to pass it on to West
Berlin Socialist Mayor Willy
Brandt, a long-time friend of the
two Austrians.

Soviet Foreign Minister Andrei
A. Gromyko also used the recep-
tion to play one of the Kremlin's
cold war cards. Asked by news-
men if the Soviet Union intended
to break up the three-power Gen-
eva negotiations on suspension of
nuclear weapon tests, he said:

"The future attitude of the Soviet
Union will depend on the progress
of these talks."

That seemed to leave the ques-
tion open. The test suspension
talks have recently shown some
promise of progress for the first
time since they started Oct. 21,
1958. On the other hand, Gromyko
said, the Soviets would not re-
sume the disarmament talks

which collapsed with the Soviet
walkout from the tenation
conference earlier this week.

In talks with Chancellor Julius
Raab, Cabinet members and
industrial leaders, Khrushchev
agreed to set up two joint Aus-
trian-Soviet committees on eco-
nomic and cultural matters.

Millions of Americans poured
out on the nation's highways and
byways today on the first full day
of the long holiday weekend.

All of the nation's 73 million
vehicles are expected to be on the
move sometime during this Fourth
of July weekend.

The National Safety Council esti-
mated Americans will cover more
than seven billion road miles and
warned that as many as 370 per-
sons might die in traffic mishaps.

The estimate of 370 traffic
deaths, the council said, would be
60 more than counted on a non-
holiday weekend of the same
length. The weekend is computed
from the 78 hours between 6 p.m.
Friday and midnight Monday.

In a comparative survey, The
Associated Press counted 348 traf-
fic deaths on the nonholiday week-
end spanning the hours between
6 p.m. Friday, June 17, and mid-
night Monday, June 20.

This is the second of three Sat-
urday-Sunday-Monday holidays
during the warm weather season.
Memorial Day was the first, La-
bor Day will be the last.

Over the Memorial Day week-
end, 367 persons perished in traf-
fic accidents. In all 579 persons
died in mishaps that weekend, in-
cluding 77 drownings, 48 boating
accidents and 8 deaths from
miscellaneous accidents.

Board Hears
Reassignment
Requests

LITTLE ROCK (AP) — The Little Rock School Board today heard the first of 74 reassignment requests of Negro pupils who want to attend all-white or predominantly-white schools.

The Rev. J. C. Crenshaw and his wife appeared before the board on behalf of their grand daughter, Delois Crenshaw, who has asked a transfer from all-Negro Horace Mann High School to mainly white Central High School.

Crenshaw is president of the Little Rock Chapter of the National Assn. for the Advancement of Colored People.

The girl did not attend the hearing. Her grandparents, with whom she lives while school is in session said she was spending the summer in Alabama. Her father, Milton, is a civilian flight instructor at Camp Rucker, Ala.

The grandparents said they live only five blocks from Central and that transportation to Horace Mann on the other side of the city would be difficult.

Mrs. Crenshaw said she felt Delois "would be a good citizen" in any school.

Under the pupil placement law, the board has 10 days from the hearing date to notify a pupil's parents or guardian of its decision.

The application of the Crenshaw girl was the only one of a Negro on today's docket.

The board has set three hearing dates, besides today, to clean up a total of 169 reassignment requests.

Thirty-five Negroes have asked for transfers from Horace Mann High to Central and Hall High Schools, where 12 Negroes have been assigned for the 1960-61 school year.

Eight Negroes attended Central and Hall last year, but three graduated.

Thirty-nine Negroes have asked for assignment to currently all-white junior high schools.

The board has announced that it does not plan to begin integration at the junior high level this year.

It decided to carry out the re-

Officials Quit

BONN, Germany (AP) — Nine of the 15 members of the right-wing German party in Parliament quit their party today to join Chancellor Konrad Adenauer's Christian Democratic Union.

The action signalled the end of another political party in West Germany, moving the nation closer to a two-party system. The German party had 15 members in the Bundestag. The nine who quit included two Cabinet ministers.

The German part has been a coalition ally of the Christian Democrats for years.

Williams Aims
Teachers' Pay Again

LITTLE ROCK (AP) — H. E. Williams brought the issue of teachers salaries into the Arkansas governor's race again today with a warning that low pay endangered the state's educational program.

Williams said Arkansas teachers need a \$1,700 raise as soon as possible.

That would lift salaries to the current national average, he said. In a statement issued at his campaign headquarters, Williams stressed that a teacher salary increase would have to be made with an eye on the state's overall financial picture.

"We must never lose sight of the fact that an exorbitant tax increase would only kill the goose that laid the golden egg and solve nothing permanently," he said.

A 1957 pay raise for teachers was financed out of a one per cent increase in the state sales tax.

Williams said Arkansas couldn't compete with other areas for well-trained teachers unless salaries were boosted.

"We cannot hope to give our young people the kind of training they need, and must have, if they are to take their place in the competitive business market today, as long as we are slighting the men and women we place in charge of their training."

Mad About
Handling of
State Check

LITTLE ROCK (AP) — State Treasurer J. Vance Clayton is incensed over a California bank's handling of a check issued to a retired Arkansas teacher.

Clayton said today he thinks someone in California ought to apologize to Arkansas.

This is what happened: Mrs. Vera Price of Pocahontas, the retired teacher, was visiting her daughter and son-in-law, Mr. and Mrs. S. M. Collocott, in Anaheim, Calif. A teacher's retirement check for \$89.19 was forwarded to her and her son-in-law cashed it at a branch of the Bank of America.

Several days later the check bounced back to Mrs. Price, marked "insufficient funds."

Someone goofed, Clayton insisted. He said the Arkansas Teachers Retirement Fund has 35 million dollars in it, and the particular account on which the check was drawn has a \$700,000 balance.

Clayton said Hoyt Pyle, director of the retirement system, telephoned to California in an attempt to straighten out the matter. The treasurer asked Mrs. Price to return him the check and he received it today.

Holding the check, Clayton turned to newsmen: "Why, this never left the state of California. How do they know we had insufficient funds?"

He went to a Little Rock bank to get Mrs. Price a check, with the aim of seeing whether a check drawn on the bank would be good in California.

Take Strike Vote

SAN ANGELO, Tex. (AP) — Officials of the Communications Workers Union today tabulated a strike vote against General Telephone Co. of the Southwest.

The national director for the union, Charles Fletcher, said he believed the vote results will favor a strike. If workers endorse a strike, it may be approved by the union's international office.

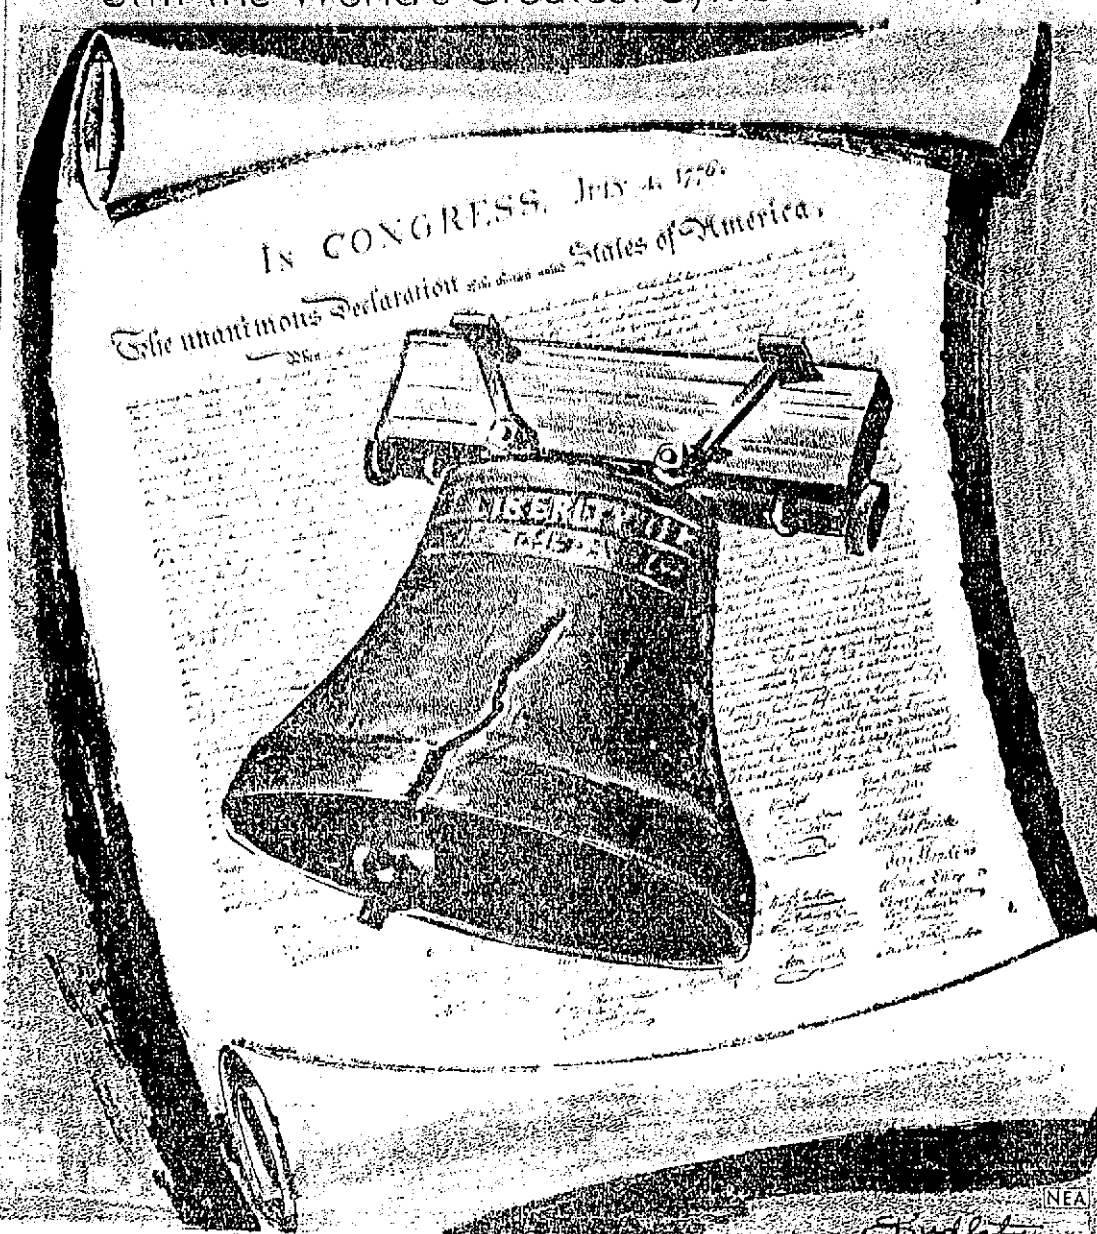

The union's international office is in New York City. The union's local office is in San Antonio. The union's local office is in San Antonio. The union's local office is in San Antonio.

Still the World's Greatest Symbols of Hope

DOROTHY DIX

Sensitive Mother
Insensitive Children

By HELEN WORDEN ERSKINE

Dear Helen Worden Erskine: My husband, though intelligent, never brought home over \$75 a week. I raised chickens, turkeys, and took in sewing and clerking in a department store to educate our four children. Our son makes \$12,000 a year plus bonuses. Our three daughters also have good incomes.

If they only have \$2.98 for a gift for me, I would rather it be put in nice handkerchiefs than a nightgown so skimpy below the waist that I look horrible in it. All my life I've bought good materials and made my own clothes, but because I liked quality and couldn't afford it, I hang on to the few nice things I have. Not one of my daughters, or daughter-in-law, knows how to buy I realize that this gift of a nightgown is from the heart and I love them for thinking of me but why must I always be disappointed? Why can't I teach myself that this is my lot to be poor and accept what comes? —G.N.L.

Dear G.N.L.: Demand the quality from life that you do in clothes. I feel exactly as you do about good materials and well-made clothes. In the end they are less costly than cheap things and far more durable. These are your harvest years. It's only your lot to be poor and accept what comes, if you see it as such. Any gift from the heart, no matter how thoughtless, is a gift to treasure.

Dear Helen Worden Erskine: I recently got my divorce, charging my husband with cross behavior. We had a six-year-old daughter. I have been going

with a divorced man two years. He used to say, "When you get your divorce, we'll marry." Now that I am free, he is different. What shall I do? —B.D.

Dear B.D.: You can lead a horse to water but you can't make him drink. That also holds for the reluctant swain. Waiting for him to name the day will get you nowhere. Show some pride. Give him his walking papers.

Dear Helen Worden Erskine: I am engaged to a guy. I love him. This past week one girl he told me about came by. A pickup. I became angry and called him a very nasty name. He slapped me. We had a small fight, and called off our engagement. Until this happened we were very happy. I never doubted his love. Our wedding day was set. Every one was against our engagement. Now I'm in doubt. Shall I call back? —R.M.

Dear R.M.: It seems to me you've already called off your wedding. Certainly if in doubt, you should "Two of my leaflets, 'Are You Sure It's Love' and 'Hasty Marriage,' go to you to read."

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope, and address her in care of this newspaper.

WASHINGTON (AP) — Approval of a \$3,100 grant to West Helena, Ark., for planning its growth and development was announced today by the Urban Renewal Administration.

Kenny Institute
Staff to Stay

MINNEAPOLIS, Minn. (AP) — The medical staff of the Sister Elizabeth Kenny Institute announced today that it has decided to remain, ending a threat of mass resignations from the organization.

B. C. Gamble, newly named president of the foundation, said an accounting firm has been retained to make an audit and to work with the attorney general's office in straightening out the foundation's affairs.

The doctors threatened to quit after release of a report by the attorney general's office which indicated misuse of funds collected by the foundation.

Authorities said earlier they were checking to see if there were any violations to warrant prosecution.

Board Fires Red
Tinged Teacher

BREMERTON, Wash. (AP) — The Bremerton School Board Thursday night fired a high school teacher whose students had sent President Eisenhower a telegram urging a United States apology to the Soviet Union for the U2 spy plane incident.

The teacher, Richard G. Jones, 33, said he would appeal so long as he was financially able.

Jones had insisted he knew nothing of the telegram, sent by his world affairs students to the President in Paris last May. He had been reassigned to research duties after an uproar of criticism over the affair.

The board did not specifically mention the telegram in giving three reasons for the firing. The board said Jones had impaired his teaching effectiveness, had been negligent in his duties and had been insubordinate.

Jones also had been criticized for discussions of sex in classroom work.

Mrs. Lodge Dies

WASHINGTON (AP) — Mrs. George Cabot Lodge, mother of the U.S. ambassadors to the United Nations and to Spain, died today in her apartment at the Sheraton Park Hotel here. She was believed to be in her 80s.

Her sons, are Henry Cabot Lodge Jr., former U.S. senator and now ambassador to the U.N., and John Davis Lodge, former House member and governor of Connecticut, and now ambassador to Spain.

astatingly frank. "You are like that Mr. Baldwin. Not your voice. I mean everything-off-key. You sharp everything." Her voice was a crisp monotone without inflection. He found it oddly attractive. She ran on, "Robespierre said to a man that he detested everything he said, but would fight to the death to defend his right to say it."

The change of topic jolted Artemus. "Voltaire," he corrected instinctively.

"Tag," she said promptly. "What do you mean—tag?" he demanded.

"I caught you off base," she replied. "That kind of a suit wouldn't know Voltaire from Confucius. I detest your suit, but I will fight to the death to defend your right to wear it."

Air Fares to Be Increased
WASHINGTON (AP) — Most U.S. air fares will increase by about 5 per cent at midnight tonight.
The Civil Aeronautics Board said that all of the domestic trunk airlines, and all except three of the local service operators, have filed for the higher fares. The CAB announced on June 17 that it would approve them.
These amounted to a straight 2 1/2 per cent increase in all fares, plus an added \$1 charge for each one-way ticket.

Costly Support
OSLO, Norway (AP) — Anastas Mikoyan said today if the Soviet Union openly supported a U. S. presidential candidate it would cost him the race.
A Western newsmagazine asked the Soviet first deputy premier at a news conference if he had any preference in the American election.

Japan Gets Sub
KOBE, Japan (AP)—The first submarine made in Japan since World War II was delivered to Japan's sea defense force today.

Welcome by Mikoyan
MOSCOW (AP)—Anastas Mikoyan led top Soviet government figures in welcoming Indonesian Prime Minister Djundana to Moscow today, indicating the first deputy premier is in charge while Nikita Khrushchev is visiting Austria. The Indonesian leader arrived on a friendship tour.

Disarmament on Tariffs Advanced
BRUSSELS, Belgium (AP) — The six nations in the European Common Market pushed their tariff disarmament a step further today by slashing another 10 per cent off goods they exchange among themselves.
This marks the second 10 per cent cut since the market was set up in 1958 and another goes into effect Dec. 31.
The new Europe is taking shape with members of the club — France, West Germany, Italy, Belgium, Holland and Luxembourg—pledged to end all import quota restrictions by the end of 1961.
The next big job is to agree on a unified external duty in dealings with countries outside the club.

Asks Explanation
JAKARTA, Indonesia (AP) — Indonesia today called for an "urgent explanation" from the United States of a statement reportedly made in the Hague by Adm. Archibald Burke, chief of U.S. naval operations.
Burke was quoted as saying that Hollandia, in Dutch New Guinea, would be a suitable U.S. naval base.
An Indonesian Foreign Office spokesman charged this revealed that America was not remaining neutral in the long dispute over the territory occupied by the Netherlands and claimed by Indonesia.

Men Arrested With Dynamite

LONDON (AP)—Police today arrested two men with 127 sticks of dynamite and 86 detonators a short distance from the British Foreign Office and Prime Minister Harold Macmillan's official London home.

The men were taken to Bow Street Magistrates' Court, where they were remanded in custody for a week.

The men were identified as William Joseph Crowe, a 23-year-old automobile repair worker, and Martin Muldon, a 48-year-old laborer, both of Birmingham.

Police Constable William Stone, who arrested them at 2:35 a. m., told the court he found the explosives in the trunk of their car.

Stone gave the court no indication as to what the arrested men may have meant to do with the explosives.

He said he saw the two men in their car and questioned them. "I was not satisfied and searched the car," he added.

British Foreign Office officials said they were unaware of the arrests.

Hope, Nashville Advance in Dist. Playoff

Nashville downed the "66" Dust-ers of Texarkana 7 to 6 last night to advance to the semifinals in district play that will be held tonight at Legion field.

Hope's Legionnaires defeated Fouke in a mild upset. Hope led all the way. In the top of the 7th Fouke's Peavy hit a grand slam homer to put his team out front. However, in their turn Bob White walked, Fligomio and Nix sacrificed him to third and Hatfield sent him home with the winning run.

Hope will play the winner of tonight's contest at 2:30 tomorrow at Legion field.

Satellite Pictures Have Stopped

WASHINGTON (AP)—Tires I, the TV-eye weather satellite, has stopped sending back pictures of the earth's cloud cover.

Scientists believe that one of the two electrically operated cameras—the one with the wide-angle lens—has burned out.

"This damage seems to have affected the entire satellite system," the National Aeronautics and Space Administration said in a statement today.

With the failure of the wide-angle camera system, all the radio telemetry—the equipment to send back pictures and other data—also ceased to function.

The narrow-angle camera system appears still to have "some limited operational capability," NASA said.

The satellite itself, which has sent back almost 23,000 cloud and earth pictures since it was launched April 1, is in a stable orbit about 450 miles above the earth. It is expected to remain aloft for many years.

The radio beacon by which it is tracked from the ground is still transmitting.

NASA said its scientists decided, after Tires I passed over the Ft. Monmouth, N.J., receiving station at midnight Wednesday to discontinue interrogating the satellite.

This meant that the 270-pound drum-shaped space voyager "has reached the end of its operating lifetime," the agency said.

NASA said its scientists believe that an inoperable relay in the wide-angle camera system was the cause of the satellite's difficulty.

"This malfunction made it impossible for the camera to turn off," the agency said.

"This apparently drained the batteries and eventually caused the wide-angle camera transmitter to turn out."

Circling the globe every 99 minutes, Tires I has sent back a steady flow of pictures, many of them remarkably clear and all of them the first to examine the earth from such a distance.

Its twin television cameras inspected that part of the earth between 50 degrees north latitude and 50 degrees south latitude—an area extending from Montreal, Canada, to Santa Cruz, Argentina in the Western Hemisphere, and

embracing large parts of Asia, Manchuria and eastern north of Vietnam surveyed much of the

INDEPENDENCE

...that good old American brand. A "way-of-life" that was signed into being, July 4th, nearly two hundred years ago. Ah, for that memorable day, when in the course of human events...

Liberty Was Born. Then let us, on this Independence Day, rededicate ourselves to this "hope-of-the-world-way" ... this way of life that guarantees for all men, *Freedom, Equality and Justice.* Give us an unyielding faith and supply us with genius that cannot err. Endow us with vital religious convictions to pilot our inherited ship of state. Let us always remember that the source of our freedom is *The Book.* Then Americans, don't forget to remember that, *Music Was Born When Liberty Spoke.* It is our *Independence Day!!!*

You In The Church
The Church In You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

The Churches of This Community, Are the Only Institutions Which Have as Their Main Function the Transforming of Human Lives. They Are the Sign Boards Pointing the Way to God.

Sponsors of these messages are faithful church support. Through this series of pages the appeal is for an individual to stand up and be counted ... to combat Communism in all fronts ... to be faithful to God.

Our Ministers Are Christ's Agents Who Call the Signal Against the Organized Forces of Evil. They Invite You to Enlist On the Victorious Side ... to Come to Church.

"HE WHO WAITS UPON THE LORD SHALL RENEW HIS FAITH"
